SETS
First to 6 games
Every set, every round

DEUCE
Golden point
Next point wins the game

AT 5–5
Golden point shootout
Racket toss for first serve. 4 serves, one each. At 2–2, the first server serves sudden death. Winner takes it 6–5

Total games count

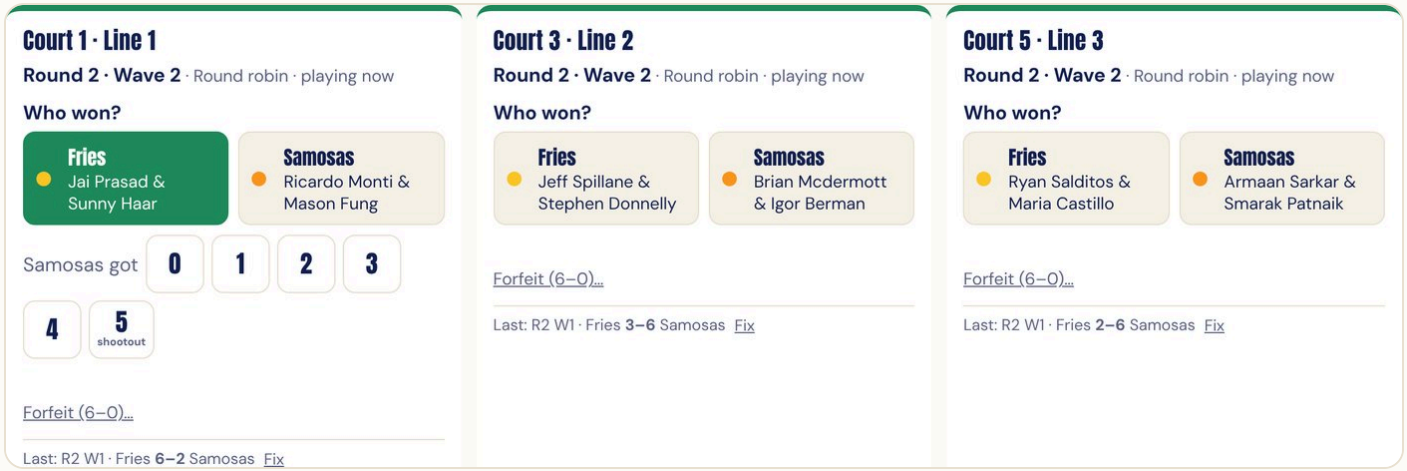

SEEDING	Total games won in Rounds 1–3, all lines
LEVEL IN THE STANDINGS	Game difference, then head-to-head games
ROUNDS 4 AND 5	Most games across the six sets wins; if level, most sets won
ROUND 4/5 STILL LEVEL (3–3 SETS)	Golden point on all three courts, best of three

08 SCORE DESK: ROUNDS 1 TO 3

1 Winner brings the score
Find that court's card on the **Courts** tab

2 Tap who won, then the other pair's games
The second tap saves. 5 means 5–5 went to the shootout, so 6–5

3 Check it went in
The card moves to the court's next set; TV and phones follow in seconds. Wrong? **Fix** on the card

Courts tab: one card per court, the set that's up, and the court's last result with **Fix**.

COURTS	Line 1 on Courts 1–2, Line 2 on 3–4, Line 3 on 5–6. Tie A on 1, 3, 5; Tie B on 2, 4, 6. Each court plays wave 1, then wave 2
ROUNDS 1–3 PAIRS	Final once all four captains submit (or the desk locks them). No changes on the day
RESERVE PLAYS	**Check-in** tab → **Reserve** by the missing name. Squad keeps the games; that name leaves the MVP race
"NOT CHECKED IN"	Name in red on a court card: tell the captain
STATUS DOT	● **Live** all sent · ● **Sending** · ● **Offline**: keep entering, scores send themselves

The TV: each court's set, next and last; standings, tie results and MVP race on the right.

09 SCORE DESK: ROUNDS 4 AND 5

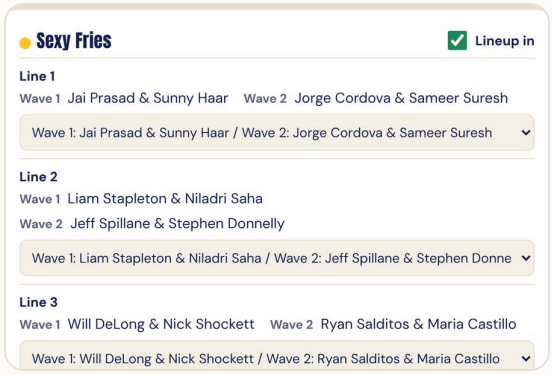

1 Matchups
Last Round 3 score in: the card appears on Courts. Tell each captain their opponent and courts

2 Lineups in
Open Lineups for Round 4: pick each line's wave 1 and wave 2 pair, tick **Lineup in**

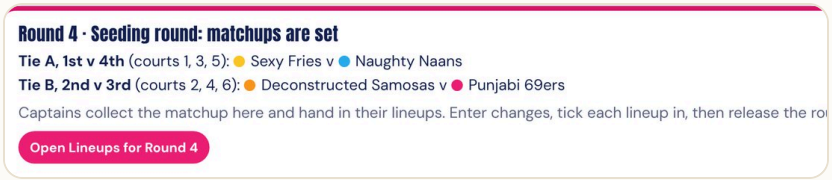

3 Release
All four in: **Release Round 4**, tap again. Until then the TV and phones show nothing

4 Scores
Twelve sets, wave 1 then wave 2, as in Rounds 1 to 3

5 Decider, if needed
Level on games and sets (3–3): golden point on all three courts, best of three. Tap the winner, confirm

2 · One squad's card on the Lineups tab

1 · Matchup card on Courts

5 · Decider card

Round 5: same five steps, with the Round 5 buttons

COURTS 1, 3, 5
Cup final
The two Round 4 winners: 1st and 2nd

COURTS 2, 4, 6
Third place
The two Round 4 losers: 3rd and 4th

PRIVATE	Nobody sees Round 4 and 5 lineups until all four captains are in.
STARTS WHEN	Every Round 4 score is in and any decider is settled
FINISHED	TV top line shows Champions and Third; standings become Final placings

10 IF THIS HAPPENS

Late player	Captain chases; other courts carry on. No show: Akash calls a forfeit or a reserve plays
Forfeit	Akash calls it. Court card → **Forfeit (6–0)…** → tap the pair that didn't show → confirm
Wrong score	**Fix** on the card's Last line, or on All matches. **Clear** (tap twice) if on the wrong set
Squad change	**Edit squads** tab, pick the squad: type over a name; change Squad or Line to move; **Drop** for a new player; **C** for captain. Live at once; reprint that court's sheet
Number refused	Player's phone says the number doesn't match: **Check-in** tab → **Reset #** by their name; they enter it again
Wifi drops	Keep entering; it all sends when the signal is back. Long outage: phone hotspot. Check-ins need a signal
Laptop dies	Open **#control** on another device. Scores already sent are safe; ask the courts about the last few sets and re-enter any missing
TV frozen	Wait 30 seconds, then F5. Nothing is lost
Dispute	Replay the point; still stuck, Akash or Rich. The desk records, it doesn't rule
Running late	Akash's call: **End without finals** on Courts (after Round 4, before any Round 5 score; tap twice). Round 4 standings stand: 1st wins the Cup, 3rd takes third
