5 sets

EVERY PLAYER

Every player plays exactly five sets, one per round. **If anyone on your squad plays four or six, the squad is disqualified.** It can't be fixed at the end of the day, so please check it every round.

01 Report 8:30

Players arrive at **8:30**. We have half an hour to get through the five things below. First ball is at 9:00 and we can't push it back.

02 The shape of the day

5 Five rounds, three stages

Rounds 1 to 3 are a round robin: every squad plays every other squad once. Round 4 seeds 1st v 4th and 2nd v 3rd from the standings. Round 5 is the finals: 1st v 2nd for the Cup, 3rd v 4th for third place.

Round 1	Round 2	Round 3	Round 4 · Seeding	Round 5 · Finals
Fries v 69ers	Fries v Samosas	Fries v Naans	1 v 4	1 v 2 Cup
Samosas v Naans	69ers v Naans	69ers v Samosas	2 v 3	3 v 4 third

3 Three lines

Your twelve are split into Lines 1, 2 and 3, four in each, and lines are fixed for the day. Line 1 plays Line 1, and so on.

2 Two waves

Each round runs in two waves on the six courts. Every line sends one pair out in each wave, so all four play.

02 The shape of the day, continued

Lineups
Your lineups for all five rounds are already set. On the day you can switch up to two lines.

Lunch
Lunch is served from 12 to 2. Play doesn't stop for it, so players eat between their own matches.

03 Scoring a set

	ROUNDS 1 TO 4 Round robin and seeding	ROUND 5 Cup final and third place
The set	First to 5 games.	First to 6 games, on all three lines.
Deuce	Golden point. The next point wins the game, and nobody chooses who returns it.	Golden point, same as Rounds 1 to 4.
At 5–5 / 6–6	A serve shootout. Toss for first serve, then each side serves once in turn for four serves.	A 7-point tiebreak.
Still level	If it's 2–2 after four serves, the fifth serve decides it.	The tiebreak decides it.

Record a set won in the shootout as 6–5.

Total games, not sets won
Squads are ranked on games won across all three lines and all rounds, and the finals are decided the same way. A game on Line 3 counts the same as a game on Line 1.

Level in the standings
We look at game difference, then games won in the sets those two squads played against each other.

Level in a final
All three courts play one golden point at the same time. The squad that wins two of the three takes it.

04 Reporting the score

When a set finishes, the winners take the score to the score desk.

Private Round 4 and 5 lineups stay with the desk. They aren't shared or shown on the scoreboard until all four captains have handed theirs in.

06 Your job as captain

1. **Pick a vice-captain before Saturday.** Someone who can gather players, pick up a matchup or report a score while you're on court.
2. **Get everyone there by 8:30.** And get them to their courts on time through the day.
3. **Keep the courts full.** Have your next four waiting at the court before the set ahead of them finishes. Empty courts are what make the day run late.
4. **Know your waves.** Know who plays in each wave without having to check.
5. **Make sure scores get reported.** When your squad wins a set, one of the winners takes the score to the desk.
6. **Rounds 4 and 5 go through the desk.** Pick up your matchup and hand in your lineup before each round.
7. **Settle disagreements calmly.** Replay the point. If that doesn't settle it, find Akash or Rich at the front desk.
