EVERY PLAYER

R1 1 SET + R2 1 SET + R3 1 SET + R4 or R5 1 SET

Exactly four, no more and no fewer. **A player on three or five sets disqualifies the squad.** It can't be fixed afterwards, so check it every round.

01 Report 8:30

Players arrive at **8:30**. We have half an hour for the five things below. First ball is at 9:00 and we can't push it back.

03 Lines, waves and who plays

Your twelve are split into three lines of four, fixed for the day. Line 1 only ever plays Line 1, and all three lines are on court at once.

Line 1 ●●●● Line 2 ●●●● Line 3 ●●●●

Who plays when, on one line of four players (A, B, C, D):

	ROUNDS 1 TO 3: EVERYONE PLAYS, IN TWO WAVES			ROUNDS 4 AND 5: ONE WAVE EACH		
PLAYER	ROUND 1	ROUND 2	ROUND 3	ROUND 4	ROUND 5	SETS
A	Wave 1 with B	Wave 2 with C	Wave 1 with D	Sits out	Plays with B	4
B	Wave 1 with A	Wave 1 with D	Wave 2 with C	Sits out	Plays with A	4
C	Wave 2 with D	Wave 2 with A	Wave 2 with B	Plays with D	Sits out	4
D	Wave 2 with C	Wave 1 with B	Wave 1 with A	Plays with C	Sits out	4

An example. In Rounds 1 to 3 each line splits into two pairs, one per wave, and the pairs change each round. In Round 4 one pair plays and the other sits out; in Round 5 they swap. Everyone ends on four sets.

Rounds 1 to 3 pairs

Already set and posted on every court. On the day you can change the pairs on up to two of your lines.

Round 4 and 5 pairs

You choose which pair on each line plays Round 4 and hand it to the score desk. The other pair plays Round 5.

04 Scoring

The set	First to 6 games, in every round.
Deuce	Golden point. The next point wins the game, and nobody chooses who returns it.
At 6–6	A 7-point tiebreak decides the set. Record it as 7–6.

Total games, not sets won

Squads are ranked on games won across all three lines and all rounds; a game on Line 3 counts the same as one on Line 1. Each Round 4 and 5 tie is won on the games won in that tie.

Level in the standings

We look at game difference, then games won in the sets those two squads played against each other.

Level in Round 4 or 5

All three courts play one golden point at the same time. The squad that wins two of the three takes the tie.

05 At the score desk

AFTER EVERY SET

Report the score

The winners take the score to the desk straight away. A score only counts once the desk has it.

ONCE ROUND 3 IS SCORED

Round 4 lineup

Pick up your matchup and hand in which pair from each line will play.

ONCE ROUND 4 IS SCORED

Round 5 lineup

Pick up your matchup and confirm your Round 5 pairs: the ones who sat out Round 4.

Private Round 4 and 5 lineups stay with the desk. They aren't shared or shown on the scoreboard until all four captains have handed theirs in.

06 Your job as captain

1. **Pick a vice-captain before Saturday.** Someone who can gather players, pick up a matchup or report a score while you're on court.
2. **Get everyone there by 8:30.** And get them to their courts on time through the day.
3. **Keep the courts full.** Have your next pair waiting at the court before the set ahead of them finishes. Empty courts are what make the day run late.
4. **Know your waves.** Know who plays in each wave, and who plays Round 4 or Round 5, without having to check.
5. **Settle disagreements calmly.** Replay the point. If that doesn't settle it, go to the front desk.
