4 sets
EVERY PLAYER

Every player plays four sets: one in each of Rounds 1 to 3, and one in either Round 4 or Round 5. **If anyone on your squad plays three or five, the squad is disqualified.** It can't be fixed at the end of the day, so please check it every round.

01 Report 8:30

Players arrive at **8:30**. We have half an hour to get through the five things below. First ball is at 9:00 and we can't push it back.

02 The shape of the day

5 Five rounds, three stages

Rounds 1 to 3 are a round robin: every squad plays every other squad once. Round 4 seeds 1st v 4th and 2nd v 3rd from the standings. In Round 5, the two Round 4 winners play for the Cup and the two Round 4 losers play for third place.

Round 1	Round 2	Round 3	Round 4 · Seeding	Round 5 · Finals
Fries v 69ers	Fries v Samosas	Fries v Naans	1 v 4	Winners: Cup
Samosas v Naans	69ers v Naans	69ers v Samosas	2 v 3	Losers: third

3 Three lines

Your twelve are split into Lines 1, 2 and 3, four in each, and lines are fixed for the day. Line 1 plays Line 1, and so on.

2 Two waves

Rounds 1 to 3 run in two waves on the six courts, and every line sends one pair out in each wave. Rounds 4 and 5 are a single wave, so each line sends one pair.

02 The shape of the day, continued

Lineups

Your pairs for Rounds 1 to 3 are already set, and on the day you can switch up to two lines. For Round 4 you choose which pair on each line plays; the other pair plays Round 5.

Lunch

Lunch is served from 12 to 2. Play doesn't stop for it, so players eat between their own matches.

03 Scoring a set

	ROUNDS 1 TO 5 **Every set, every round**
The set	First to 6 games.
Deuce	Golden point. The next point wins the game, and nobody chooses who returns it.
At 6–6	A 7-point tiebreak decides the set.

Record a tiebreak set as 7–6.

Total games, not sets won

Squads are ranked on games won across all three lines and all rounds, and the finals are decided the same way. A game on Line 3 counts the same as a game on Line 1.

Level in the standings

We look at game difference, then games won in the sets those two squads played against each other.

Level in Round 4 or 5

All three courts play one golden point at the same time. The squad that wins two of the three takes the tie.

04 Reporting the score

When a set finishes, the winners take the score to the score desk.

Records it

A score only counts once the desk has it, and Rounds 4 and 5 can't start until every score from the round before is in.

05 Matchups and lineups

Rounds 1, 2, 3

POSTED ON EVERY COURT

Round 5 · Finals

FROM THE SCORE DESK

The two Round 4 winners play for the Cup and the two Round 4 losers play for third place. One wave, played by the pairs that sat out Round 4. Confirm your lineup at the desk.

Pick up matchup | Hand in lineup

Private Round 4 and 5 lineups stay with the desk. They aren't shared or shown on the scoreboard until all four captains have handed theirs in.

06 Your job as captain

1. **Pick a vice-captain before Saturday.** Someone who can gather players, pick up a matchup or report a score while you're on court.
2. **Get everyone there by 8:30.** And get them to their courts on time through the day.
3. **Keep the courts full.** Have your next four waiting at the court before the set ahead of them finishes. Empty courts are what make the day run late.
4. **Know your waves.** Know who plays in each wave without having to check.
5. **Make sure scores get reported.** When your squad wins a set, one of the winners takes the score to the desk.
6. **Rounds 4 and 5 go through the desk.** Pick up your matchup and hand in your lineup. Whoever plays Round 4 sits out Round 5.
7. **Settle disagreements calmly.** Replay the point. If that doesn't settle it, find Akash or Rich at the front desk.
