Captain's Brief

Saturday, November 7 | Park Padel South San Francisco | Courts 1 to 6

Four squads of twelve. You own one of them for the day. Read this before you brief your team.

- G **Punjabi 69ers**
- S **Deconstructed Samosas**
- N **Naughty Naans**

5 sets

EVERY PLAYER

Every player plays five. **A player on four or six and your squad is disqualified.** No warnings, and it cannot be fixed at the end, so count your twelve every round.

01 Report 8:30

THIRTY MINUTES, FIVE THINGS

Players report at **8:30**. Five things happen between 8:30 and 9:00. First ball is 9:00 and the courts do not slide.

02 The shape of the day

5 Five rounds, three stages

Rounds 1 to 3 are the **round robin**: every squad plays every other squad once. Round 4 is the **seeding round**: 1 v 4 and 2 v 3 on total games after Round 3. Round 5 is the **finals**: 1 v 2 for the Cup, 3 v 4 for third. Every round is played across all three lines.

Round 1	Round 2	Round 3	Round 4 · Seeding	Round 5 · Finals
Fries v 69ers	Fries v Samosas	Fries v Naans	1 v 4	1 v 2 Cup
Samosas v Naans	69ers v Naans	69ers v Samosas	2 v 3	3 v 4 third

3 Three lines

Your twelve are Line 1, Line 2 and Line 3, four players each. Lines are locked, **nobody changes lines**. Each round you play one other squad across all three at once: Line 1 v Line 1, Line 2 v Line 2, Line 3 v Line 3.

2 Two waves

A round runs in two waves on the six courts. Each line sends two players out in each wave, so across the two waves all four on the line get their set.

Lineups

Your lineups for all five rounds are already loaded. On the day you may switch **two lines, no more**.

Lunch

Served 12 to 2. **There is no lunch break.** People eat between their own matches.

03 Scoring a set

IT CHANGES IN ROUND 5

	ROUNDS 1 TO 4 Round robin and seeding	ROUND 5 Cup final and third place
The set	First to **5 games**.	First to **6 games**, all three lines.
Deuce	**Golden point.** One point settles it, no ad. Nobody chooses the returner.	Same golden point, all the way through.
If it is level	At **5 all**, a four serve shootout. **Toss for first serve**, then one serve each.	At **6 all**, a **7 point tiebreak**.
Still level	**2 to 2** after those four serves, the fifth serve is sudden death.	The tiebreak settles it.

Record a 5 all set as 6 to 5 for the winner.

Total games, not matches won.

Squads rank on games won across all three lines, all day, and the final is decided the same way. A Line 3 game counts exactly what a Line 1 game counts.

Level in the standings?

Total games, then game difference, then games won in the head-to-head sets between the two squads.

Level in a final?

All three courts play one golden point at once. Best of three wins.

04 Reporting the score

WINNERS WALK IT OVER

After every round, the **winning squad** walks the score to the score desk.

Set ends → **Winners walk it over** → **Score desk**

Set ends: Go right away

Winners walk it over: The winning squad carries it

Score desk: Now it counts

Go the moment the set ends. Nothing counts until the desk has it, and a half reported round stalls the next one for all four squads.

05 Matchups and lineups

WHO YOU PLAY, WHO PLAYS

Rounds 1, 2, 3

POSTED ON EVERY COURT

Your players read the sheet on the court they are standing on. Nothing to collect, nothing to hand out.

Round 4 · Seeding

FROM THE SCORE DESK

1 v 4 and 2 v 3 on total games after Round 3. Collect the matchup, and **report your lineup to the desk.**

Matchup ← desk | Lineup → desk

Round 5 · Finals

FROM THE SCORE DESK

1 v 2 for the Cup, 3 v 4 for third, on total games after Round 4. Same two way trip. Nothing can be printed ahead because it depends on where the four squads finish.

Matchup ← desk | Lineup → desk

Sealed Those Round 4 and 5 names **stay at the desk**. Nothing is disclosed and nothing goes on the TV scoreboard until all four captains have handed theirs in.

06 What a captain owns

1. **Name a vice-captain now.** Someone who can round up players, collect a matchup and walk a score over while you are on court. Pick them before Saturday, not in the 8:30 scramble.
2. **All twelve at 8:30.** And all twelve at their courts on time after that.
3. **Courts do not wait for each other.** When the set before yours finishes, your four should already be standing there with rackets. An empty court is what drags the day late.
4. **Know your waves.** Have the next four ready before the court clears. You should be able to name them without looking.
5. **Winners report.** If your squad wins a set, make sure one of them walks to the desk.
6. **Rounds 4 and 5 are a two way trip.** Take the matchup off the desk, hand them your lineup, and it stays sealed until all four captains are in.
7. **Disputes go to the front desk.** Replay the point, then find Akash or Rich. Not the other captain, not the court.

07 The short version

Report 8:30. Five sets a player, and a player on four or six disqualifies the squad. Rounds 1 to 3 are the round robin, Round 4 seeds 1 v 4 and 2 v 3, Round 5 is 1 v 2 for the Cup and 3 v 4 for third. Rounds 1 to 4 are to five games, 5 all goes to a toss and four serves and a sudden death fifth, recorded 6 to 5. The final is to six games, 6 all is a seven point tiebreak. Every deuce is a golden point either way. Squads rank on total games, not matches won; level squads split on game difference, then head-to-head games. Winners walk the score to the desk. Rounds 1, 2 and 3 are posted on the courts; for Rounds 4 and 5 you take the matchup off the desk and give them your lineup, sealed until all four are in. Get your people to the court before it is free.
