Captains' Guide

Saturday, November 7 | Park Padel South San Francisco | Courts 1 to 6 | 48 players

Thanks again for captaining. The Captain's Brief covers the day in three pages. This guide goes into more detail: how the format fits together, how to set your pairs, how you hand in your lineups for Rounds 4 and 5, and the final squads. Please read it before Saturday.

5 sets
EVERY PLAYER

Every player plays five sets, one in every round. If anyone on your squad plays four or six, the squad is disqualified. It can't be fixed at the end of the day, so please check it every round.

02 Your jobs

BEFORE SATURDAY

1. **Pick a vice-captain.** Someone who can gather players, pick up a matchup or report a score while you're on court.
2. **Set your Round 1 to 3 pairs.** In the Diwali Cup Kit, under Pairings. Section 04 explains how.

ON THE DAY

3. **All twelve there by 8:30.** And on their courts on time through the day.
4. **Keep the courts full.** Your next four should be waiting at the court before it frees up.
5. **Know your waves.** Know who plays in each wave without having to check.
6. **Make sure winners report.** When your squad wins a set, one of the winners takes the score to the desk.
7. **Rounds 4 and 5 at the desk.** Hand in your lineup for each round at the score desk.
8. **Settle disagreements calmly.** Replay the point, then go to the front desk if needed.

03 The format

5 Five rounds, three stages

Rounds 1 to 3 are a round robin, so every squad plays every other squad once. The matchups are fixed in advance. Round 4 is a seeding round: 1st plays 4th and 2nd plays 3rd, based on total games after Round 3. In Round 5, the two Round 4 winners play for the Cup and the two Round 4 losers play for third place.

Round 1
Fries v 69ers
Samosas v Naans

Round 2
Fries v Samosas
69ers v Naans

Round 3
Fries v Naans
69ers v Samosas

Round 4 · Seeding
1st v 4th
2nd v 3rd

Round 5 · Finals
Winners: Cup
Losers: third

3 Three lines

Your twelve are split into Lines 1, 2 and 3, four players in each. Lines are fixed for the day, and a line only ever plays the same line from the other squad: Line 1 against Line 1, Line 2 against Line 2, Line 3 against Line 3. When two squads meet, all three lines play at the same time on three courts.

2 Waves

Every round runs in two waves on the six courts. Every line sends one pair out in wave 1 and its other pair in wave 2, so all four play once per round. Each line stays on the same court for both waves.

ONE LINE THROUGH THE DAY

ROUND	WAVE 1 PAIR	WAVE 2 PAIR	A	B	C	D
Round 1	A + B	C + D	Wave 1	Wave 1	Wave 2	Wave 2
Round 2	B + D	A + C	Wave 2	Wave 1	Wave 2	Wave 1
Round 3	A + D	B + C	Wave 1	Wave 2	Wave 2	Wave 1
Round 4	B + D	A + C	Wave 2	Wave 1	Wave 2	Wave 1
Round 5	A + B	C + D	Wave 1	Wave 1	Wave 2	Wave 2
Sets			5	5	5	5

An example line of four players, A to D. Who partners whom is your choice, and you can mix the pairs and waves differently each round. What has to hold is that every player plays once in every round, in wave 1 or wave 2. That makes five sets each.

04 Setting your Round 1 to 3 pairs

Before Saturday, you decide who partners whom on each line for Rounds 1 to 3, and which pair plays in which wave. The pairs are loaded into the scoreboard and posted on every court, so your players can see where they're playing.

1 Open the kit
Open the Diwali Cup Kit and go to Pairings.

2 Set each line
For each line, choose who partners whom in each wave for Rounds 1, 2 and 3.

3 Check the count
Each player should appear once in every round: one pair in wave 1, the other in wave 2.

Rounds 4 and 5 work the same way, two waves with everyone playing, but you hand those lineups in at the score desk on the day (see section 06).

On the day you can re-pair up to two lines per round in Rounds 1 to 3. Tell the score desk and they will make the change.

05 Game day

Players arrive at 8:30. We have half an hour to get through the five things below, and first ball at 9:00 can't be pushed back.

8:30	1	2	3	4	5	9:00
Arrive						First ball
All twelve in	Squad photo	Breakfast	Shirts	Captains' meeting	Squad brief	All six courts

Lunch 12 to 2 Play doesn't stop for lunch, so players eat between their own sets.

SCORING A SET

	ROUNDS 1 TO 5 Every set, every round
The set	First to 6 games.
Deuce	Golden point. The next point wins the game, and nobody chooses who returns it.
At 6–6	A 7-point tiebreak decides the set.

Record a tiebreak set as 7–6.

REPORTING THE SCORE

Set ends Straight away → **Winners take the score** To the score desk → **Score desk** Records it

A score only counts once the desk has it, and Rounds 4 and 5 can't start until every score from the round before is in. If players disagree about a point, they replay it. If that doesn't settle it, find Akash or Rich at the front desk.

06 Rounds 4 and 5 at the desk

The matchups for Rounds 4 and 5 depend on the standings, so they come from the score desk rather than the court sheets.

Round 4 · Seeding

TWO WAVES, EVERYONE PLAYS

Once every Round 3 score is in, come to the desk to pick up your matchup: 1st v 4th or 2nd v 3rd. For each line, tell the desk which pair plays wave 1 and which pair plays wave 2.

Pick up matchup | Hand in Round 4 lineup

Round 5 · Finals

TWO WAVES, EVERYONE PLAYS

The two Round 4 tie winners play for the Cup and the two Round 4 losers play for third place. Pick up your matchup and hand in a new lineup the same way: a wave 1 pair and a wave 2 pair for each line.

Pick up matchup | Hand in Round 5 lineup

Private Round 4 and 5 lineups stay with the desk. Nothing is shared or shown on the scoreboard until all four captains have handed theirs in and the desk releases the round.

07 Standings, ties and awards

Total games, not sets won Squads are ranked on games won across all three lines and all rounds. A game on Line 3 counts the same as a game on Line 1.

1. Total games won.
2. If level, game difference.
3. If still level, games won in the sets those two squads played against each other.

Level in Round 4 or 5

A Round 4 or 5 tie is won on total games across its six sets (three lines, two waves). If the two squads are level, all three courts play one golden point at the same time, and the squad that wins two of the three takes the tie.

MVP for each line

The player with the most total games won across the day. A player replaced by a reserve isn't eligible.
